~ TRIBUTE TO THE FESTIVAL EXHIBITORS ~

The Phelps Mill Festival Exhibitors are one of a kind. Their wares show the uniqueness, quality and fine workmanship that are found only at this Festival. As you wander thru the Festival, think of this: each piece is new on its own and with each piece, a little bit of themselves go with it. The Exhibitors travel throughout the USA and meet together at different events and festivals. They become families. They look forward to seeing each other thru the season. Over the years, not all of the exhibitors are able to come back to our Festival. We will miss them and hope their families find peace in their memories.
